

INTRODUCTION TO ATTUNEMENT

Want increased energy and health in your life?

Learn how to “manage your energy” in our Introduction To Attunement Workshop

At The Riverdell Spiritual Centre

Attunement is the art of clarifying and deepening our connection with the spirit of who we are, our indwelling Source, giving an increasing radiance and health in our day to day living and experience.

Primarily practiced in a non-touch use of energy flow through our hands, the spirit of Love guides our Attunements to our inner still place, our true home, which is connected to the larger still space in all that lives. A powerful yet simple process!

Come and participate in a workshop that –

- ◆ Teaches you the main foundations of Attunement practice
- ◆ Explores and works with practical energy flow experiences
- ◆ Demonstrates the key steps in giving and receiving attunements
- ◆ Gives you guided practice in doing attunements
